How to make a good first impression

Step 1

Wash your face and hair, and wear a clean, simple outfit.

Step 2

Hold your folder or bag in front of you, and smile.

Step 3

Hold your bag in front of you, and smile.

© 2019 Instagram

Instagram is a social media platform that allows users to share photos and videos with their friends and followers. It was founded in 2010 by Kevin Systrom and Mike Krieger. The app has become one of the most popular social media platforms in the world, with over 1 billion active users. Instagram is known for its focus on visual content, and it has a variety of features that make it easy to share and discover new content. Some of the most popular features include the 'Explore' page, which shows a feed of photos and videos from users around the world, and the 'Stories' feature, which allows users to share photos and videos that disappear after 24 hours. Instagram also has a variety of filters and editing tools that users can use to enhance their photos and videos. The platform has also become a major force in the world of marketing, with many brands using it to promote their products and services. Instagram is a great way to connect with friends and family, and it's also a great way to discover new content and trends.

London's world-class office buildings are now a lot greener and more sustainable for a variety of reasons.
