

SHAPING AIR
SINCE 1955

At Faber, we are proud of
our significant heritage.

FRANKE'S AIR EXPERT

We invented the first hood in 1955. Since 1958, we have been offering hood and air treatment solutions that meet consumer's needs and respect the environment.

Since 2005, we have been the **Air Expert of the Franke Group**, which for over 100 years stands for high quality, innovative engineering and exceptional design. Its recipe for success: building on traditions while creating new things. Together, we have grown successfully over all these years.

In 2021, Franke and Faber brands both became part of **Franke Home Solutions division**, a logical step to expand the Group's presence in the kitchen and conquer new territories together. By joining forces, we are making even better use of our know-how, experience and complementary skills.

We are now taking the opportunity to proudly announce our competence in air treatment and our expert position within the Franke Group.

It's the right moment to take this step forward, as this new endorsement, Franke's Air Expert, will enrich Faber and Franke with additional values. That's why, thanks to our leading expertise in air treatment, **we are Franke's Air Expert.**

IMPROVING AIR QUALITY SINCE 1955

AT FABER, WE ARE PROUD
OF OUR SIGNIFICANT HERITAGE.

Air is part of our origin and we have a unique expertise in our sector. Over the years we've molded air into a thousand forms, using steel, pleiglass, glass and wood. We've turned the kitchen hood into an object of design. We've given it smart functions: light fittings, air conditioner and filters. In brief, we have connected it to the future.

We understand how the world is changing and we keep innovating to make tomorrow's air even purer.

We are proud to be part of the Franke Group as its Air Expert.

HISTORY

THE GENESIS

1955

Abramo Galassi establishes Faber Plast Srl and turns plastic into objects for the house.

1972

Faber becomes synonymous for hoods in Italy. And Faber Plast becomes Faber Spa.

1982

Faber invests in automation and for faster production. Flaminia Deutschland is born.

1990

Faber partners with leading companies in air treatment and enters countries like Spain, Argentina, and Turkey.

THE GROWTH

1996

Faber looks at the Asian markets and establishes Flaminia Nanjing in China and Faber Heatkraft in India.

1999

Faber takes over Futurum S.A. as well as Mepansa. It establishes Faber Luki, to cater to the Eastern European markets.

2001

The Faber Group strengthens its position in Europe by taking over Roblin S.A. in France, and opening Faber Flavia in Greece.

2004

The Swiss Franke Group becomes the main shareholder of Faber Spa, reinforcing their vision.

THE GLOBAL LEADER

2005

Faber gets taken over by the Franke Group and functions as a critical Business Unit.

2016

Another breakthrough in innovation as Faber introduces the world's first and only T2S2 technology.

2018

Patrik Wohlhauser joined Franke Group in 2018 as CEO.

2024

Offering a world class appliance shopping experience with 500 exclusive stores across India.

OUR FIRST INSPIRATION: **PEOPLE**

At Faber, we know how to look far but also very close. We look at people because they are our inspiration. Their needs and desires are the basic principles for which we strive to supply better and better products, time after time.

We study every single action people do in a Kitchen, even the smallest one. This allows us to offer products realized in accordance with the needs of the people.

BECAUSE EVERYTHING DEPENDS
ON WELLNESS OF THE PEOPLE.

A large, modern, multi-story office building with a glass facade and a sign that reads 'FABER'. The building is surrounded by greenery, including trees and bushes. The sky is clear and blue. The building has a prominent entrance on the left side. The sign 'FABER' is visible on the upper part of the building. The overall scene is bright and sunny.
